

Citizens Insurance Gathers Food For The Hungry

Gleaners Community Food Bank will be getting a large donation of food from a local company. President of Howell-based Citizens Insurance Paul Mueller (pictured) says that they partnered with Eurest, the company that runs their cafeteria, to gather about 1,000 pounds of food. Mueller says that with the Michigan economy being as slow as it is, he was pleasantly surprised by the response. Every person who donated food was treated with a free cup of coffee from Eurest Manager Kimberly Miller (also pictured). (KD)
